## ● Introduction of Patented Fabric with Cooper Tripeptide

- a) Domestic sole patent upon the special fabric with skin healing functions
  - Global PCT registered
- b) Strong effectiveness to skin care thru synergy of the essence & the fabric
  - Competitiveness comes from the effect which will be a higher value against products that focus on the package design, fancy words & models
- c) Reliability with the fact that USA & western countries already have creams with Copper TriPeptide.
  - But a mask pack with a functional fabric is the first in the world.

### Skin sterilization

Changes the skin's conditions into a circumstance where essence can penetrate the skin more effectively.

Prevent Atopy & Acne

### Skin recovery

Prevent wrinkles  
Strengthen the skin(in-out)  
& Anti-aging

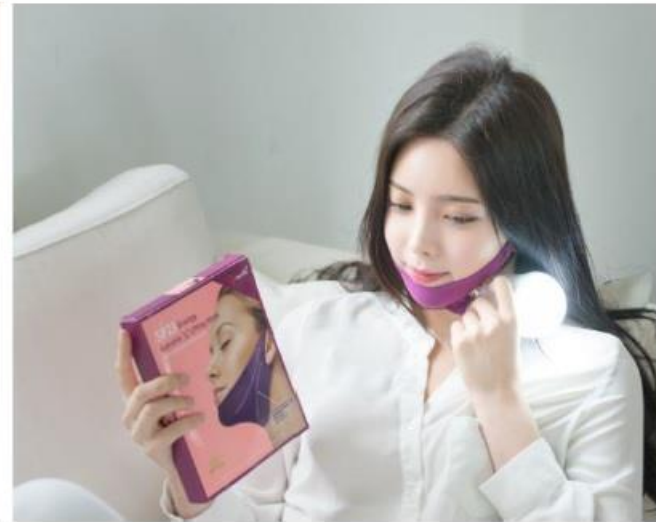

### Healthy skin tone

Copper TriPeptide helps blood flow to maintain health & ideal skin color tone

# World's 1<sup>st</sup>, Global Patented Galvanic Mask Series

## ● *Introduction of Patented Fabric with Cooper Tripeptide*

### Special fabric that had Copper-Tripeptide substances (Patent)

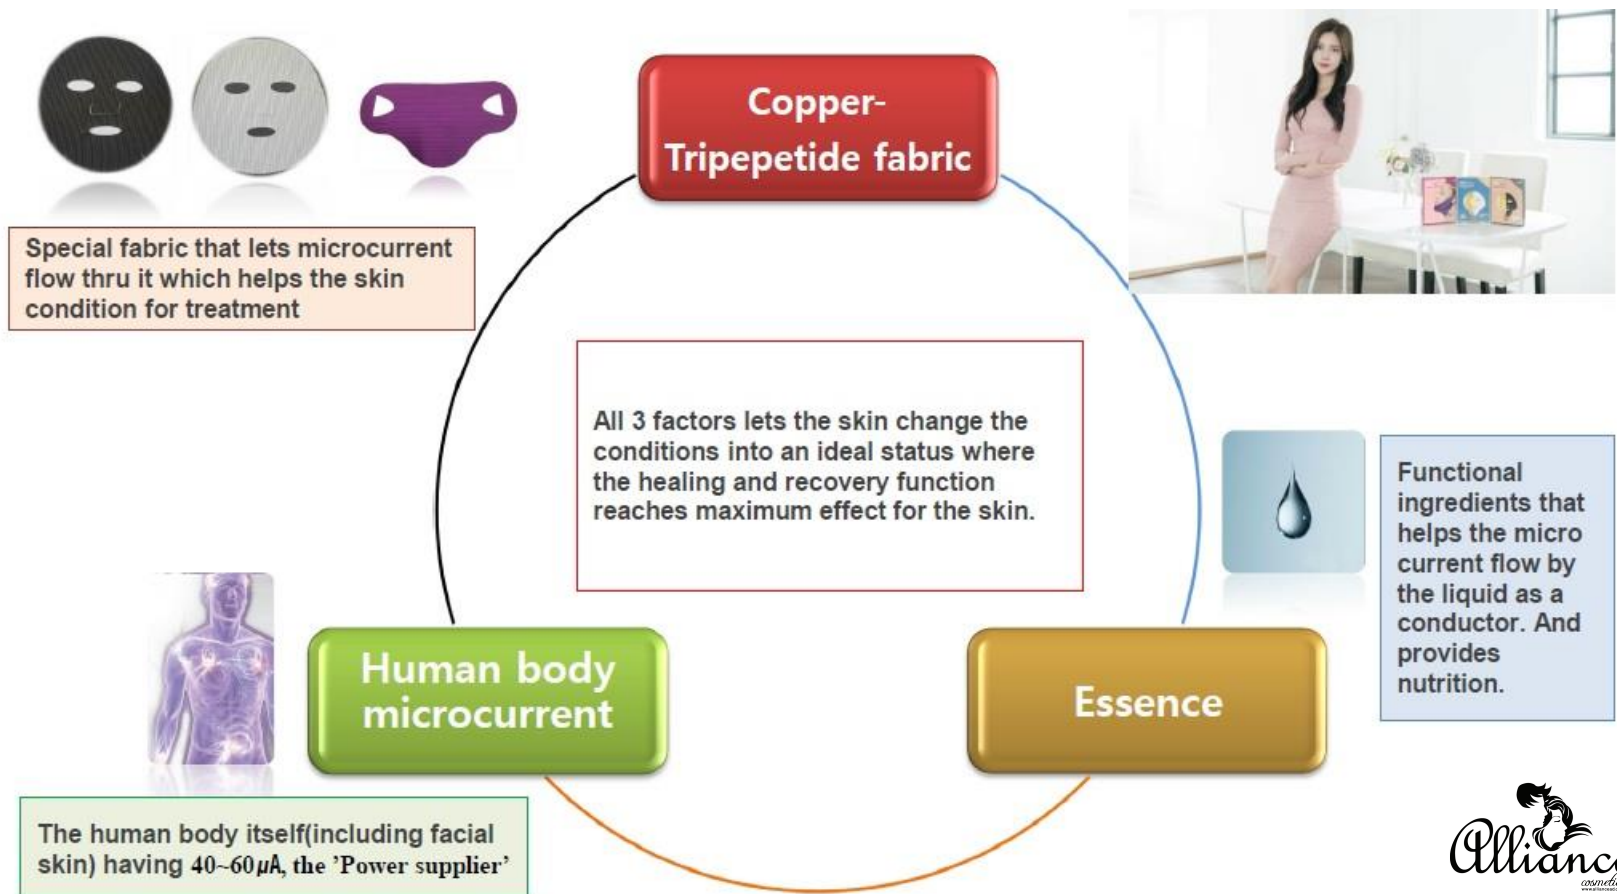

- a) Micro current flows thru the fabric
  - The light bulb works as the fabric is very unique to let micro current flow  
(※ The bulb is a LED that runs at a very low level electricity with a built-in battery)
- b) This 'Galvanic function' helps the skin to allow the essence to penetrate deep into the skin
- c) The superfine fibers also provides a gentle touch to the skin for best comfort

★ **We have official test reports for proof**  
- **Copper-TriPeptide is detected in the fabric**

Major  
ingredients

Know your environment.  
Protect your health.

**Purified Water**  
(South Korea) :  
Ion solution,  
Moisturizer

**Bergamoto Oil**  
(Natural fragrance, Italy)

Blocks outdoor germs and harmful  
Influences to the skin. Cures  
sensitive skin and changes the  
mood into a much more relaxed  
condition.

**Hawaiian Deep sea  
Water**  
Minerals, Moisturizer

**Bergamoto Oil (Spain) :**  
Strengthen skin immunity  
Helps skin conditioning

**Hydrolized Collagen (France)**  
Renewal skin layer  
Skin elasticity  
Skin moisturizer

**Idebenone (Italy)**  
Anti-wrinkle  
Skin brightening  
Skin elasticity

**Belgium spring water**  
Provides minerals and  
moisture to the skin

## • Energy Galvanic Mask ; core ingredients 2

### Main ingredients2

#### HYDROXYACETOPHENONE

Natural ingredients extracted from the buds of camellias, oak and wheat are used to improve skin texture and improve skin texture. Skin moisturization helps to strengthen skin barriers by calming skin irritation.

EWG VERIFIED™

Know your environment.  
Protect your health.

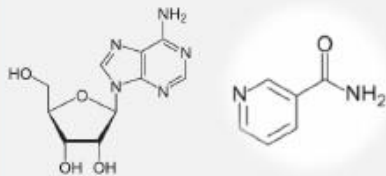

Magnolia officinalis  
(Patented ingredient for skin  
whitening composition)  
(Patent#: 10-1179589)

Helps skin conditioning, skin elasticity and  
moisturizing.

#### Copper tripeptide-1

Copper peptide GHK-Cu is widely used in  
anti-aging cosmetics. Several controlled facial  
studies confirmed anti-aging, firming and  
anti-wrinkle activity of copper peptide GHK-Cu.  
[US FDA Approved]

K-FDA registered ingredient for double effect (Adenison & Niacinamide)  
- Wrinkle care and whitening

Camomile extract, herbal extract, multi-grown extract, Parsermary extract,  
eucalyptus leaf extract, green tea extract, lavender extract, royal jelly extract,  
salvia leaf extract - EWG VERIFIED™

#### Sodium Hialourone

Substance that has a strong  
moisturizing effect. Which is also a  
natural moisturizing factor in our skin.

## ● *Energy Galvanic 'V-Lifting'*

- **23 min.** a day, Lifting functional fabric
- 37g of essence, high nutrition like an ampoule
- Tension provided to the skin thru the elasticity from the special weaved fabric

- ❖ 5 patents in a single mask pack – Fabric, HydroGEL, ingredients and production – Copy difficulty
- ❖ Skin whitening patent ingredient: Magnolia officinalis (Patent# 10-1179589)
- ❖ Anti-wrinkle + whitening: Double effect
- ❖ Belgium spring water, Hawaiian deep sea water: Minerals
- ❖ Collagen(Made in France)
- ❖ HydroGEL patent which is different to standard GELS
- ❖ 5 major peptides including Copper-TriPeptide-1 & Idebenone : Skin Renovation
- ❖ Bergamoto Oil : Natural substance
- ❖ Stretchable sheet : Function added for facial skin firming
- ❖ Patented fabric – Containing Copper Peptide

# World's 1<sup>st</sup>, Global Patented Galvanic Mask Series

## ● *Energy Galvanic 'V-Lifting'*

### Five stars

- a) 5 patents in a mask pack
  - Skin Factory's genuine and unique specialty
- b) 5 different peptides ingredients
  - What really can make a big difference

**Patented fabric** – Containing Copper Peptide

**Patent for the production (2018-0026524)** – HydroGEL production process

**A special hydroGEL & mask sheet that shows excellent essence delivery to the skin**

**Strong moisturizer function hydroGEL** – Unique in the market

**Skin whitening patent ingredient** – Magnolia officinalis  
(Patent# 10-1179589)

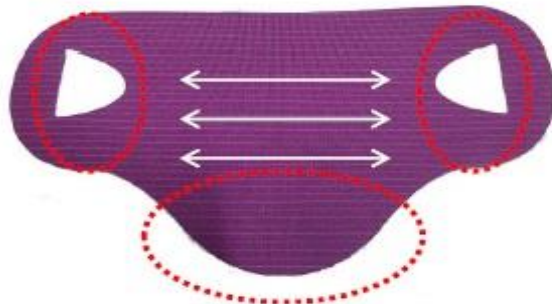

# World's 1<sup>st</sup>, Global Patented Galvanic Mask Series

## ● *Energy Galvanic 'V-Lifting'*

**About the special fabric that only Skin Factory can make for masks**

- V-line lifting to reduce neck wrinkles

The functional ingredients that helps the V-line lifting and neck wrinkle reduction are inseparable from the fabric. This technology makes our facial mask on of the kind in the world.

A fabric that can pull and hold the face while it also pushes the essence deeper into the skin.

### Product features

- ❖ Effect: V-line, remodel into a beautiful jaw
- ❖ Anti-wrinkle & Whitening, double effect
- ❖ Target age: 25~55, women & men
- ❖ Neck wrinkles and double chin(Aged skin)
- ❖ Like a corset that holds up the jaw
- ❖ A product that can take care of the face and neck

### Product characters that makes the difference

- ❖ Fabric that has shape & size recovery functions
- ❖ Water soluble HydroGEL that can provide high moisture
- ❖ Copper peptide contained inside the fabric itself which forces the essence to go deep inside the skin layers
- ❖ V-lifting and neck wrinkle care dual effect system
- ❖ Specially weaved fabric that makes the touch feel soft and comfortable

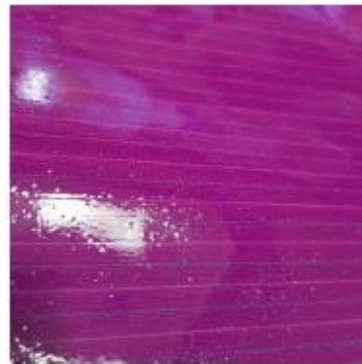

# World's 1<sup>st</sup>, Global Patented Galvanic Mask Series

## ● *Energy Galvanic 'V-Lifting'*

The fabric is important for V-line lifting masks: Elasticity has been maximized by the special weaving pattern  
HydroGEL attached to the fabric, melts away after delivering the essence as being water soluble (Patent applied)

Before usage  
HydroGEL  
contains high  
contents of  
moisture

After applying  
(About 30 min.)

HydroGEL shows  
it had delivered  
moisture to the skin  
and become dry

The HydroGEL indicates the time that is required for using the mask pack.  
And the Copper Peptide fabric helps the skin treatment essences to penetrate deeper into the skin.

### Details about this Water soluble HydroGEL

- ❖ New and unique compared to the ordinary HydroGEL mask packs with better features that makes the difference
- ❖ Structure that prevents the essence to evaporate into the air and delivery them into the skin (Last up to 1~4 hours)
- ❖ TDS(transdermal drug delivery system) (Letting the essence reach deep into the skin)
- ❖ Special features proved by public institute test reports
- ❖ Patented to prevent copy (3 patents)

# World's 1<sup>st</sup>, Global Patented Galvanic Mask Series

## ● Energy Galvanic 'V-Lifting' ; Core Ingredients 2

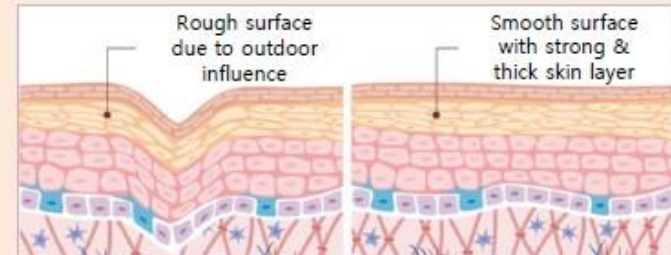

Palmitoyl Tripeptide-1

Palmitoyl Tripeptide-5 (Made in France)

Palmitoyl Tripeptide-7

Has the ability to penetrate the epidermis and enter deep into the dermis, where it stimulates collagen production and healthy tissue growth. It speeds up collagen synthesis in the skin, to communicate with skin cells and prevent toxins that penetrate them from doing harm.

### Copper tripeptide

Copper peptide GHK-Cu is widely used in anti-aging cosmetics. Several controlled facial studies confirmed anti-aging, firming and anti-wrinkle activity of copper peptide GHK-Cu. [US FDA Approved]

※ 5 different peptides / To renew the skin into a smooth and strong layer  
- Made in France

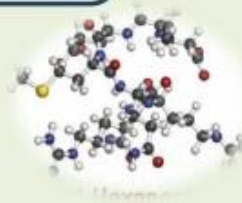

EWG VERIFIED™

Know your environment.  
Protect your health.

### Acetyl Hexapeptide-8

- Some calls this as a 'Botox Peptide'

Also known as Argireline, is a peptide compound that is used in skin care products to reduce the appearance of wrinkles brought on by repeated facial expressions.

※ Botox destroys SNAP-25 & blocks nerves that freezes the facial muscles. But Acetyl Hexapeptide-8 takes the position instead of the SNAP-25 & relaxes muscles in order to loosen the movements.

### Acetyl Hexapeptide 8 vs. Botox

Botox	Acetyl Hexapeptide-8
Need a painful shot	No direct shots
Symptoms like itching, wheezing, asthma, a rash, red welts, dizziness and faintness	No side effects
Requires a shot every 4months	Continuous slight usage
Need doctor's prescription	Much easy to apply cosmetics

# World's 1<sup>st</sup>, Global Patented Galvanic Mask Series

## ● Energy Galvanic 'V-Lifting'; Core Ingredients 2

Instructions to  
use the product

Just 23 min. at home to change your face and  
take care of your neck wrinkles at the same time.

D:\1661 - 기타업체\블룸 디자인  
크팩\블룸 8차 최종 시안\3\_1

Pull both sides of the mask pack enough and then hook it on  
your ears to let the fabric's tension holds the face tight.

### ◆ Instructions

- ① Cleansing, beauty wash the face
- ② Take out the mask and remove the clear film on the back
- ③ Pull both sides enough.
- ④ Stretch both sides of the sheet toward your ears to let the mask hold tight to your face.
- ⑤ Apply 23 min. on your face (Dryer face may apply up to 1 hour)
- ⑥ Take off the mask and gently tap on your face with your fingers to let the remaining essence go into your skin.
